Julia Puebla FORTIER, Executive Director, DiversityRx: Resources for Cross Cultural Health  
Care (JP)

DETAILS +

Julia Puebla Fortier is the Executive Director of DiversityRx: Resources for Cross Cultural Health Care, an NGO that promotes good policy, practices and research on health care for minority, migrant and indigenous populations.

Ms. Fortier has spearheaded the development of several key policy tools in this area, including the National Standards for Culturally and Linguistically Appropriate Services in Health Care for the US Department of Health and Human Services. Ms. Fortier developed and manages the DiversityRx.org website, a professional education resource on cross cultural health care, and coproduces a biennial conference series on health care for culturally diverse populations.

While living in the UK and France, she was active in migrant health practice and policy dialogues sponsored by the European Union and the World Health Organization. She now lives in Japan and is conducting research on culture, health and care delivery from a cross-national perspective.
